

H-105 桌上型精密高速冲床 DESK-TOP TYPE PRECISION PUNCHING MACHINE

精密 超静音

型號 (MODEL) : H-105

產品特性說明：

- * 採用高級精密電磁式離合器及制動器。
- * 採用可調控制定點開關，防止重覆衝打之特殊設計，讓作業員不在有壓迫感，以提高生產效率及品質。
- * 超靜音、無噪音，即使在小客廳式工廠操作，亦絕不妨礙鄰居安寧。

產品使用範圍：

電氣、電子零件、電機、通訊、交通器材、光學、照相、鐘錶、玩具、皮件、手工藝等行業之精密加工業專用。

Product Features Description:

- * Adopting high-class precision electro-magnetic clutch and brake.
- * Adopting the special design of adjustable, fixed-point control to prevent repeated punching from occurring, and allow the workers get rid of tension, so as to enhance production efficiency and quality.
- * Ultra-quiet without any noise. It would not cause any disturbance to neighbours even if it is operated in a sitting room type of factory.

Scope of Utilization:

Specially designed for the processing required for the electrical, electronic spare parts, electrical engineering, supplies and materials for communications, optical, photography, clocks and watches, toys, leather goods, handicrafts industries.

規格表 Specifications Table

能力 Capacity	1 噸 (TON)
行程 Stroke	31 mm
滑塊調整 Ram adjust(up/down)	32 mm
張開高度 Open height	141 mm
關閉高度 Shut height bolster plate to ram	110 mm
項孔尺寸 Ram hole	19 φ
離合器 Clutch type	電磁式離合器 Electromagnetic clutch
馬達功率 Motor capacity	250W單相AC110/220
淨重 Net weight	75 Kg
